My dear Mr Gray

Unfortunately
letters are now all
packed and ready for
shipment to St. Louis
but I think ought to
send you the desired auto-
graph as I do not think
that letter was of any
especial botanical inte-
rest. I am anxious

to see that splendid
collection of your
and Mrs. Engelmann
and I both wish very
soon Jimmie may
this Garden.

The Albums with the
numbers to. I should
like to send out for treat-
ment as I fear that the
insects will destroy the
specimens more and
more

Yours very sincerely
Geo. J. Engelmann

Dear Mr. Meehan. The names of
Orchids I sent Mrs. Engelmann
were for Mr. Blake - who might at
any moment be ready to receive
them. I am sorry I have not
been able to call - The last week
has been a busy one - as even as Sunday
was a whole day of Rev Stansbury -
